PART-TIME ACADEMIC POSITION IN BANKING AND ASSET MANAGEMENT
(2/10 OF A FULL-TIME POSITION, FOR A TOTAL VOLUME OF 60 HOURS/YEARS)
FACULTY SOLVAY BRUSSELS SCHOOL OF ECONOMICS AND MANAGEMENT

Reference: 2017/A015
Application deadline: 31 May, 2017
Start date: 01/10/2017

Job description

The Solvay Brussels School of Economics and Management (SBS-EM) is the Faculty of Business and Economics of the Université libre de Bruxelles, one of the leading research universities in continental Europe. The School prides itself for its programmes that combine scientific rigour, contextual engagement and problem-solving skills.

The School invites applications for a part-time position in Banking and Asset Management.

Banking and Asset Management is a 36h compulsory course (Q1) in the Master in Ingénieur de Gestion (around 200 students) and a compulsory course (Q2) for students specializing in finance in the Master in Business Economics (around 40 students). It is designed to give students an in-depth understanding of the key functions and operations carried out by banks and their regulatory context and its drivers. Students will also get exposed to the main quantitative analysis tools used by banks as part of their core business and by regulators evaluating banks.

The format of the lectures is left at the discretion of the instructor (and is part of the application file). Teaching innovation and active learning methods are strongly encouraged. Available resources for instructors are presented at the following link: http://www.solvay.edu/bureau-dappui-p%C3%A9dagogique

Courses covered at the time of recruitment:

GEST-S414 (Q1) & GEST-S566 (Q2) Banking and Asset Management – Note that the course will be taught twice: Q1 (36 hours - partim 24 hours) and Q2 (36 hours - partim 24 hours).

Applicants can express interest in teaching one of the two versions but if so will be required to coordinate with the other instructor so that the courses are sufficiently close to one another to be substitutes. Prof. Griselda Deelstra has in the past contributed quantitative lectures on credit risk (estimation of default probabilities, default correlation, credit value adjustment and credit derivatives) and life insurance and pension plans to the course, and remains available to do so with the new instructor.

Qualifications required

Preferably PhD Degree (with doctoral thesis) in Economics or Finance.
Skills required

- Ability to teach in English (C1)
- Applicants who do not speak French may be granted a period of adaptation, but they must be able to teach in French at the end of the third year following their appointment.
- Strong pedagogical skills, ease of teaching in front of large audiences
- Ability to connect the facts and trends in the European banking sector to the underlying economic and political drivers
- Ability to connect the analysis of the European banking sector to economic frameworks and models seen by students in other courses

Interested?

Intended learning outcomes (ILOs) of the programs to which the course contribute can be obtained from Ms. Muriel Cogghe (Muriel.Cogghe@ulb.ac.be). For more information, please contact Prof. Estelle Cantillon (Estelle.cantillon@ulb.ac.be).

Applications must be sent by e-mail to the rectorate of the Université Libre de Bruxelles (recteur@ulb.ac.be) and to the faculty deanship Dean-Office-SBS-EM@ulb.ac.be.

They must include the following:

- an application letter
- a Curriculum vitae including a list of publications (a template can be downloaded at http://www.ulb.ac.be/tools/CV-type.rtf)
- a teaching project (max 4 pages) that contains:
  - A description of the candidate’s past teaching experience
  - A course proposal including the course objectives, a course outline of the material to be covered, a description of the planned teaching method and student evaluation, the planned references from which the course will draw, and the way the course will contribute to the intended learning outcomes of the programs to which it belongs.
- the names and e-mail addresses of five references (with equal gender representation) who may be contacted by those in charge of evaluating applications. These references should not have conflicts of interest.

By sending in their application, applicants acknowledge they have read and understood the additional information and the regulations relevant to research staff, available at the following address http://www.ulb.ac.be/emploi/academique.html.
